

**Programme for POSTEC Annual General Meeting 2009
at Hotel Vic, Porsgrunn**

Tuesday 27th October

| Time | Event |
|-------------|--|
| 1030 | Welcome & Summing up activities in 2008 by <i>Chandana Ratnayake</i> |
| 1045 | New activities in Tel-Tek by <i>Marit Larsen</i> |
| 1100 | Bulk solids storage and flow activities by <i>Gisle G Enstad, Songxiong Ding & Niklas Engblom</i> |
| 1200 | Lunch |
| 1300 | Developments in Pneumatic conveying by <i>Chandana Ratnayake, Cecilia Arakaki & Herve Crozier</i> |
| 1400 | Coffee break |
| 1420 | Engineering Particulate Solids by <i>Songxiong Ding, Gisle G Enstad, & Yulia Khokhlova</i> |
| 1520 | Coffee break |
| 1540 | Reflections from members and experts* (see the schedule on the next page) |
| 1700 | Discussion |
| 1900 | Dinner |

Wednesday 28th October

Visiting and demonstrations at POSTEC laboratory facilities

*Reflections from Members and Experts

| Time | Lecturer | Title |
|-------------|---|---|
| 1540 | <i>Per Amund Amundsen</i> , University of Stavanger | Magnetic shielding of particulate solids in drilling fluids |
| 1555 | <i>Arild Saasen</i> , Det Norske Oljeselskap ASA | Handling of particulate materials in exploration drilling |
| 1610 | <i>Frode Brakstad</i> , Tel-Tek/Dept of Innovation | “Smart Production” |
| 1625 | Coffee Break | |
| 1645 | <i>Tor Henry Omland</i> , StatoilHydro | Particle composition and their effect on drilling & production performance- The relevance to bulk transport |
| 1700 | <i>Øystein Kleven</i> , Goodtech ASA | Salt bagging |
